About JOB0 AG:

JOB0 is a family owned company now in its third generation of family management. Since its establishment in 1923 in the German town of Gummersbach, it has built up a reputation for quality, professionalism, and innovation. For over 88 years these core values have been the driving force behind the company, and they ensure its continued success in times of rapid technological change, growing markets, and globalisation.

JOB0 solutions and innovations set standards in the imaging industry. Through the development and production of the legendary „JOB0 tank“, which could be used by photographers and labs to process black and white film, JOB0 became known as a leading brand in the photography industry. NASA photos of the first flight to the moon (Apollo 11) were processed using JOB0 equipment.

Since the launch in 1950 of photokina, the world-leading international photographic trade fair, JOB0 has exhibited without interruption, being represented each year, with 2008 marking the company's 30th appearance at the event. The basic key to JOB0's success has been its professional cooperation with partners, retailers, and end customers. The product portfolio ranges from digital picture frames, Geotagging solutions, Cardreader, Adapter and Scanner to traditional Darkroom equipment. True to our slogan, our products are designed „for your best image“, guaranteeing the highest level of quality.

SnapScan 5000

Digitalize your precious memories
in a snap

20 Slides in 1 Minute

No PC required

For Negatives & Slides

9/5 Millio Pixel
CMOS Sensor

2.4"/6 cm Color TFT LCD

Automatic / manual
color correction (only SnapScan 9000)

Rapid slide feeder

Rapid slide feeder

Rapid slide feeder thin (1.0-1.8mm)

Rapid slide feeder normal (1.9-3.0mm)

SnapScan 9000

Technical Specifications

Image Sensor	9 Mega Pixel CMOS sensor
Scan Quality	2,400 dpi; 3,600 dpi interpolated
Lens	F no. = 2.0, 4 Glass elements
LCD	2.4" Color TFT LCD
Internal Memory	24MB NAND Flash (for saving images)
External Memory	SD / SDHC / MMC compatible
	Slides 24 x 36 mm; Negativfilm 24 x 36 mm
Focus Range	Fixed focus
Exposure Control	Automatic
Color Balance	Automatic or Manual Correction
Data Conversion	10 bits per color channel
Scan Method	Single pass
Light Source	Back light (3 white LEDs)
Interface	USB 2.0, TV-Out (Video 3.5mm jack)
USB Configuration	Mass Storage Device Class / MSDC
Power	5V adapter, or USB power
Dimensions	82 x 86 x 152 mm
Weight	410 g

Package Content

JOBO SnapScan 9000, **Rapid slide feeder** (1.1-1.8mm), **Rapid slide feeder** (1.9-3.0mm), negative holder, roll film holder, cleaning brush, user manual, USB cable, TVout cable, AC adaptor

Art. Nr.: SCAN90
EAN: 4022124015452
